MISS FREDERICK VISITS SCHOOLS

Finds Evidence of Trachoma in Nearly Every District

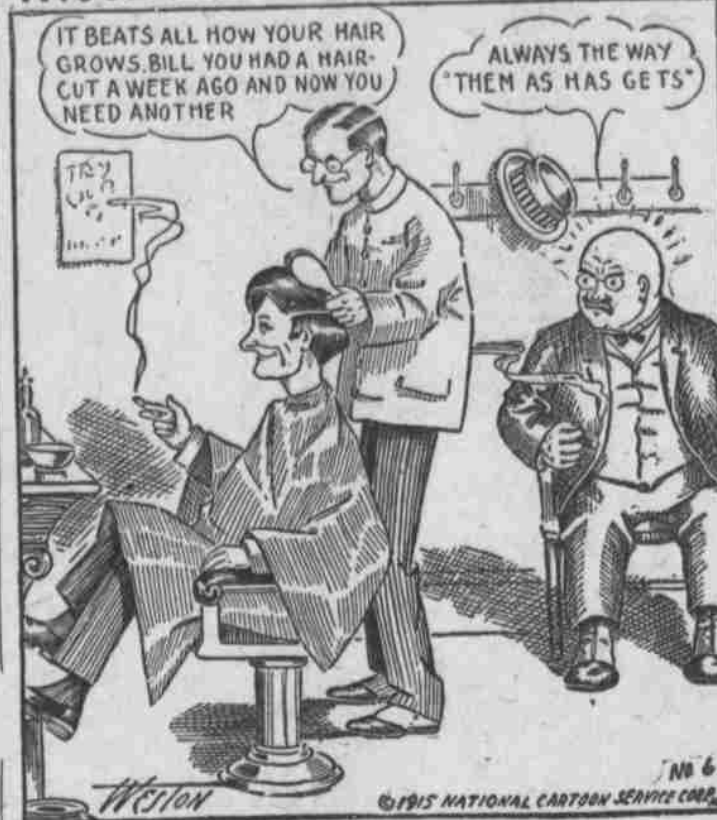

—Only Two Were Exempt

Miss Frederick, the visiting nurse, has returned from an inspection of the schools in various parts of the county and will probably leave some time this week on another tour. The trip was made practically for the purpose of determining to what extent trachoma, the eye disease, prevails among the school children. Of the schools examined only two were entirely free from the disease.

On all examinations Miss Frederick was accompanied by a doctor. Following is the list of schools visited and the doctors who were present: Copper Springs, Dr. C. A. Morton, of Hanson; Suthards, Dr. W. P. Ross, of Earlington; Gilliland and Craynor, Dr. Finley, of St. Charles; Hamby Station, Dr. Morris, of St. Charles; Norton, Good Hope and Daniel Boone, Dr. Veal, of Daniel Boone; Cross Roads, Ferguson, Walnut Grove, Union Grove, Charleston and Meiser, Dr. Nichols, of Dawson Springs.

Trachoma was found in all of the schools except Ferguson and Craynor. A free clinic will be held this fall in several places in the county for the children who cannot afford to have their eyes treated.

THOSE THAT HAVE-GET BY A.T. WESTON

SOME OF THE MANY INTERESTING THINGS

To be Seen on the Bee's All River Trip to the Mammoth Cave

LEAVING SATURDAY AUGUST 26

When the Bee's party about forty strong, leave Evansville on Saturday, Aug. 26th, on the steamer Evansville they will start on one of the most interesting 412 mile river trips in this country. Among other things they will pass through six locks as follows: Lock No. 1 at Spottsville, Lock No. 2 at Rumsey, Lock No. 3 at Rochester, Lock No. 4 at Woodbury, Lock No. 5 at Massy Springs, Lock No. 6 at Brownsville. In addition to the novelty of passing through these locks the party will have the opportunity of viewing some of the most magnificent scenery on upper green river there is to be seen anywhere, the huge masses of rocks are piled up 200 feet high along the banks of the river reminding one of some of the old castles in England and Scotland described by Sir Walter Scott in Waverley Novels. The delightful scenery is not all, one of the chief pleasures of a river trip is to gather on the upper deck after supper and watch the passing scenery by moonlight while enjoying the cool river breeze and listening to sweet strains of music from the band below.

On these river trips everyone is allowed to do as they please as long as they please to do right. Everything possible is done for the comfort and enjoyment of all and it is just like a big house party. If you wish to shoot turtles off the logs, alright; if you wish to dance, music is furnished; if you wish to play "500" go to it; if you wish to read, take kodak pictures, go in the engine room or up in the pilot house, watch the deck hands ride calves and pigs down the bank into the river, you are free to do so, and nothing is said or thought about it, as the boat crew from Capt. Williams down, want you to have a good time. When you get to the cave your baggage is looked after and you have nothing to do but eat breakfast and get on your cave suit preparatory to taking one of the routes.

If you have ever been in Mammoth Cave you will never forget it. If you have never been you will always regret it. It is one of the great-

EXPECT ORDERS TO MOVE TODAY

Kentucky Guardsmen Will Begin Actual Entraining Wednesday or Thursday

Ft. Thomas, Ky., Aug. 14.—Detail orders providing for the early entraining of the Kentucky brigade for the border are expected in camp today. The actual entraining is expected to begin Wednesday or Thursday. Seventy-two hours is the minimum laid down by the railroads as the time necessary for preparations incident to the movement of a brigade. Captain George Armstrong, quartermaster and commissary of the Kentucky Brigade, said today that J. F. Poindexter, secretary of the American railway association had reported to him that notification of extended movement of the Kentucky troops had been given to the railroad's representatives in Washington.

Two or three days will be necessary to prepare for the movement of the brigade. Commissary officers already have begun the collection of the necessary food supplies for the journey to the border.

During the period that the preparations are going forward, brigade officers are looking forward to an increase inflow of recruits. It is believed that the apparent certainty of border service will supply the needed stimulus and overcome the lethargy that set in with the subsidence of the Mexican crisis.

SENATOR SHERMAN CALLS GOMPERS A PUBLIC NUISANCE

"Lives on Sweat of Laborer and Gave Money to Defend Dynamiters," He says

Washington, Aug. 14.—President Samuel Gompers, of the American Federation of Labor, was characterized as a "public nuisance," by Senator Sherman, of Illinois, in a digression today from a Senate speech on the Shipping Bill.

"There is no more tyrannical, outrageous injustice than that of leaders who live on the sweat of other people's brow," said Senator Sherman. "Mr. Gompers is a public nuisance."

Referring to the Indianapolis and Los Angeles dynamite trials, Senator Sherman declared the federation president had "prostituted the cause of labor by using funds of laboring men for the defense of these criminals."

"Mr. Gompers never apologized to anybody," he continued, "but it was the most fortunate thing that ever happened to Mr. Gompers that he himself escaped indictment on these same charges."

"I've been owing this to Mr. Gompers for some time and I'm handing it to him now, and I'm responsible practically and personally."

W. J. BARNHILL DROPS DEAD

Just as we go to press the news comes that W. J. Barnhill, the well known liveryman of Madisonville, fell dead in his office at the livery stable of heart trouble. Mr. Barnhill has a large number of friends in this city who will regret to hear of his sudden death.

Suffering in silence is commendable, but it is a dinged harp job to pull off.

NO NOTIFICATION AT FT. THOMAS

News From Washington That Troops Will Move Soon

TRAVEL RATIONS MUST COME FROM ST. LOUIS

Washington, Aug. 14.—Adjutant General McCain said at noon that the Kentucky troops would leave for the border immediately transportation is arranged for them.

He told Representative Shelley that the question of equipment would not be permitted to delay the departure. Therefore, the time when the entire guard will be on its way will rest entirely with the transportation companies.

Fort Thomas, Ky., Aug. 14.—The Kentucky brigade officers were still without official orders from Washington regarding the movement to the border. Gen. Williams and other officers said they expected detailed orders some time today.

The quartermaster's department of the different units started early this morning packing all surplus equipment and supplies. The packing of boxes and the noise of the hammer were sweet music to the ears of the guardsmen and the men went at their work with a will.

There is some doubt in the minds of the officers as to when the troops will start. The railroads are believed to be assembling cars near here for the trip South.

Another indication that the department means business was that on instructions from the Department of the East, Capt. Zointer, of the United States Quartermaster Department, ordered by telegraph travel rations for ten days for the troops. The rations have to come from St. Louis and will be rushed here at once.

That the order from Washington to move to the border has put more life and spirit into the guard as a whole is evident here this morning. Recruiting is proceeding at a better clip and the numbers are jumping fast.

FLOUR SELLING \$8 PER BARREL

If Rise Continues Many People Will be Forced to Eat Corn Bread

The price of flour has jumped skyward and is now selling at \$8 per barrel with the prospects that it will go higher. The price has increased \$1.50 during the past month and about \$2.50 during the past two months. Local grocers are now selling 24 pound sacks at \$1.00, or approximately that amount.

The last jump made here was 50 cents on the barrel and in New York last week it sold all the from \$5 to \$9 a barrel, an advance of 80 cents since the week before. If the rise continues, which it will probably do, a lot of folks will be compelled to rely principally upon corn bread.

Sugar has dropped a little on the local market, but the price will probably remain stationary until fall or winter.

No, sister, marriage is never a failure. It only slips a few cogs and smashes the rest and then forgets to hunt the repair man.
